

FUTURE-PROOF YOUR CO-OP

Introducing customized training & technical assistance for all housing cooperatives

Would you like to make your co-op an even better place to live?

For more than four decades, UHAB has helped co-op members reduce costs and increase value.

Board members and other shareholders who take proactive steps to plan for the future can reduce costs and increase value for everyone. This brings the sense of control, community, and security that makes a co-op a great place to live.

UHAB offers your co-op board and other shareholders services such as

- Board election monitoring & certification
- Long-term capital improvement planning
- Budget forecasting & financial mastery
- Green Building planning & compliance
- Essential shareholder responsibilities training
